OBJECTIVE

B.Tech CSE student at VIPS passionate about building AI-powered products, automation systems, and scalable software solutions. Specializing in AI agents, LLMs, and multi-agent systems with a strong foundation in Python, full-stack development, and data-driven problem solving.

EDUCATION

Vivekananda Institute of Professional Studies – TC, Delhi

2024 – 2028

B.Tech – Computer Science Engineering | CGPA: 8.3 / 10

TECHNICAL SKILLS

AI / ML: Machine Learning, Deep Learning, Generative AI, LLMs, RAG, LangChain, LangGraph, CrewAI, Multi-Agent Systems

Backend: Python, FastAPI, Django, Flask, Node.js, REST APIs, Docker, Kubernetes, AWS

Databases: PostgreSQL, MongoDB, Supabase, Qdrant, Pinecone, SQL

Frontend: React, TypeScript, Tailwind CSS, Framer Motion, GSAP, Three.js

Tools / Languages: n8n, Make.com, Zapier, Git, GitHub, Tableau | Python, JavaScript, C, SQL | NumPy, Pandas, Matplotlib

PROJECTS

Omnii AI | 2026 | [GitHub](#)

- Built a production-grade multi-agent productivity platform with a high-fidelity 3D glassmorphic UI.
- Designed a full multi-agent orchestrator powered by LangGraph, dynamically routing queries to tailored assistants.

Synox AI | 2026 | [Live Link](#)

- Built a multi-agent automation workflow platform to orchestrate complex, multi-step tasks.
- Designed agent collaboration logic to handle dynamic, end-to-end automation pipelines.

Raftra – Marketing SaaS Platform | 2026 | [Live Link](#)

- Built an end-to-end marketing SaaS platform to streamline campaign creation and management.
- Developed a full-stack web application with a strong focus on usability and scalability.

Forexa – AI Finance Platform | 2025 | [Live Link](#)

- Built an AI-powered finance platform for smarter financial decision-making with AI-driven analytics.
- Developed a responsive React frontend integrating intelligent insights to improve user engagement.

EXPERIENCE

AI Engineer Intern – Bhumi Itech

June 2026 – Present

- Working on AI engineering projects, building and deploying ML/LLM-driven solutions.

Founder – Synox AI

April 2026 – Present

- Leading development of a multi-agent automation workflow platform from concept to launch.

Founder – Raftra

August 2025 – Present

- Leading product and engineering for an end-to-end marketing SaaS platform.

Campus Ambassador Intern – E-Cell, IIT Bombay

June 2025 – 2026

- Drove campus outreach and engagement campaigns representing E-Cell IIT Bombay.
